

MED4 ELITE™

FOUR INTEGRATED THERAPEUTIC MODALITIES
ONE REVOLUTIONARY RECOVERY SYSTEM

RECOVERY RE-ENGINEERED

GAME  READY®

A REVOLUTIONARY MULTI-MODALITY INJURY RECOVERY SYSTEM FROM THE LEADERS IN RECOVERY TECHNOLOGY

Introducing the Med4 Elite™, a breakthrough multi-modality recovery device from Game Ready®. The dual-microprocessor-controlled system integrates iceless cold, heat, rapid contrast, and active compression therapies like never before – delivering comprehensive, flexible, convenient, and proven treatment options for different users, post-surgical and acute and chronic injuries, and diverse stages of rehabilitation. With the Med4 Elite, healthcare professionals and athletic trainers now have an unprecedented, powerful tool for accelerating healing – and getting people back to being their best. Once again, Game Ready has re-engineered recovery, supporting human endeavor with innovative technology.

THE MED4 ELITE SYSTEM ADVANCES YOUR TREATMENT CAPABILITY

- Improve outcomes effectively and safely with the most innovative and advanced, integrated multi-modality recovery technology available.
- Enhance recovery with an efficient and targeted combination of iceless cold, controllable heat, rapid contrast with an unprecedented changeover rate, and active compression therapies.
- Use flexible therapeutic combinations to reduce pain without narcotics, accelerate the body's natural healing mechanisms, and increase range of motion and muscle strength.
- Streamline workflow by simultaneously treating multiple patients and athletes with both acute and chronic injuries.
- Easily alternate between modalities and adjust time, temperature, and pressure levels with an intuitive, touchscreen interface.
- Fully compatible with Game Ready's complete line of anatomically designed, low-profile, circumferential wraps to treat major body parts from head to toe.

MED4 ELITE™ FROM GAME READY®

FOUR THERAPIES IN ONE RECOVERY SYSTEM

ICELESS COLD [down to 3°C]

Creates its own deep-penetrating, longer-lasting cold to promote vasoconstriction, safely relieve pain without narcotics following acute injury or surgery, and reduce metabolic demand, muscle spasms, and inflammation.

CONTROLLABLE HEAT [up to 45°C]

Generates its own controllable heat to promote vasodilation and increase circulation to the injured area, support the lymphatic system, reduce pain and inflammation, and stimulate natural healing after acute or chronic injury.

RAPID CONTRAST [<1 minute changeover]

Rapid contrast therapy delivery alternately opens and constricts the vascular system in a targeted injury area to relieve pain and increase arterial blood flow without causing additional edema – efficiently, compactly, and cleanly.

ACTIVE COMPRESSION [4 levels, 5-75 mm Hg]

Patented intermittent pneumatic compression mimics natural muscle contractions to “pump” edema away from the injury area, and helps conform the wraps to the body for better surface contact and more effective cold/heat therapy.

3

4

Control, monitor, and adjust multiple therapeutic modalities for two patients with touchscreen convenience.

- 1 Simple touchscreen interface makes operation intuitive and efficient.
- 2 Dual hoses for simultaneously treating multiple injuries or multiple patients.
- 3 Multi-modality therapies allow for the treatment of acute and chronic injuries.
- 4 Compact footprint and lockable caster wheels ensure easy positioning.

HUMAN INSPIRED TECHNOLOGY DRIVEN

Game Ready® is the number one recovery technology for thousands of patients, elite athletes, athletic trainers, professional teams in every sport, special military forces, and the world's foremost orthopedic surgeons, sports medicine doctors, and physical therapists. Inspired by human endeavor and driven by technological expertise, we are dedicated to developing the most innovative and effective products for helping people get back to being their best after injury or surgery. We are here to re-engineer recovery.

MED4 ELITE™

The revolutionary multi-modality injury and surgery recovery system.

GRPRO® 2.1

The most advanced portable cold and compression recovery system.
